

Explanatory Notes on Main Statistical Indicators

Import and Export of Goods refer to the value of commodities actually imported or exported across the border of China. They include the actual imports and exports through foreign trade, imported and exported goods under the processing and assembling trades and materials, supplies and gifts as aid given gratis between governments and by the United Nations and other international organizations, and contributions donated by overseas Chinese, compatriots in Hong Kong and Macao and Chinese with foreign citizenship, leasing commodities owned by tenant at the expiration of leasing period, the imported and exported commodities processed with imported materials, commodities trading in border areas, the imported and exported commodities and articles for public use of the Sino-foreign joint ventures, cooperative enterprises and ventures with sole foreign investment. Also included are import or export of samples and advertising goods for which CIF or FOB value are beyond the permitted ceiling (excluding goods of no trading or use value and free commodities for export), imported goods sold in China from bonded warehouses and other imported or exported goods. The indicator of the total imports and exports at customs can be used to observe the total size of external trade in a country. In accordance with the stipulation of the Chinese government, exports are calculated at FOB, while imports are calculated at CIF.

The actual utilization of foreign capital refers to the actual number of execution of the approved contractual foreign capital amount, the actual amount of foreign investment paid by foreign investors in accordance with the provisions of the contract (articles of association) for the approval of foreign-funded enterprises, and the total amount of enterprise investment actually provided by foreign investors to enterprises directly with their own overseas funds.

Foreign Investment refers to investment in China by legal or natural persons of foreign countries and of Hong Kong, Macau and Taiwan, in the form of cash, physical assets,

intangible assets and equity and others. Foreign direct investment refers to investment by investors from foreign countries and from Hong Kong, Macau and Taiwan in a non-listed company, or the investment of over 10 percent or more in a listed company.

Overseas Contracted Projects refer to activities of contracting overseas construction projects by Chinese enterprises or any other units, which are stipulated in the Regulations on Administration of Foreign Contracted Project.

Overseas Labor Services refer to operational activities of organizing labour force to go abroad providing services to foreign enterprises or agencies.

Overseas Visitor Arrivals refer to the number of tourists of foreigners, Chinese compatriots from Hong Kong, Macao and Taiwan who come to China (mainland) within the reference period for sight-seeing, vacation, visiting relatives, medical treatment, shopping, attending conference, or to engage in economic, cultural, sports and religious activities (namely the number of overseas visitor arrivals). In compiling statistics, each arrival is counted as one person-time. Overseas visitor arrivals includes inbound overnight tourists and one-day tourists.

Number of Domestic Tourists refers to the number of Chinese (mainland) residents who travel within China (mainland) for sight-seeing, vacation, visiting relatives, medical treatment, shopping, attending conference, or to engage in economic, cultural, sports and religious activities. In compiling statistics, each travel is counted as one person-time.

Foreign Exchange Earnings from International Tourism refer to the total expenditure of overseas visitors during their stay in the mainland of China on transportation, sighting, accommodation, food, shopping and entertainment.

Income from Domestic Tourism refer to expenditure of domestic tourists on transportation, sighting, accommodation, food, shopping and entertainment while they travel.
